

Experience **TOTAL EYE CARE** at Kaiser Permanente

Experience the Kaiser Permanente difference

Because our optometrists, ophthalmologists, and opticians **work together within our integrated care delivery system**, they're able to connect to our larger team of medical professionals and services.

- ▶ Your eye health is part of your total medical record.
- ▶ Choose from an extensive collection of eyewear, from top designers to high-quality, affordable options.

The Member Journey

How to use our unique eye care services

Appointment

Sign in to kp.org or the Kaiser Permanente app, then select "Appointments."

Call Member Services Monday through Friday, 8 a.m. to 6 p.m.

- **1-800-813-2000** (English), option 3
- **1-800-324-8010** (interpretation services)
- **TTY 711**

Scheduled phone and video visits and our advice line are available for **immediate care of serious eye conditions.**

Eugene-Springfield service area

- For information on eye care appointments, prescription glasses and sunglasses, and contact lenses, please visit kp2020.org/pacnw/#location for our affiliate locations.

Optometry

171,137 members were screened for comprehensive eye and systemic conditions in 2019,¹ including:

- Glaucoma
- Macular degeneration
- Diabetic retinopathy
- Dry eye
- Low vision

74,537 care gaps were closed in 2019 following routine eye exams.²

If an ongoing eye condition is detected

If a medical condition is detected

9,713 screenings for diabetic retinopathy with 2,311 found positive.³

After your comprehensive eye exam, a prescription will be given for eyeglasses and contact lenses.

Optical

Experienced opticians will help you select and fit the perfect pair of eyeglasses.

- **Frames:** Choose from over 850.
- **Lenses:** Our opticians help you choose the best lenses and coatings for your lifestyle.

Contact lenses: We teach you how to insert and remove your new contact lenses.

Safety glasses: Kaiser Permanente works with employer groups to set up safety eyewear programs that fit their needs and that help keep members safe on the job.

Ophthalmology

Ophthalmology provides medical and surgical eye care. They treat ongoing eye diseases such as:

- Glaucoma
- Macular degeneration
- Diabetic retinopathy
- Cataracts
- Retinal and vitreoretinal diseases
- Pediatric developmental eye disorders

If a medical condition is detected

Ophthalmologists perform surgery at the **Eye Surgery Care Center**.

Integrated care

If a medical condition is detected during your eye exam:

Your optometrist or ophthalmologist will work directly with your personal doctor and specialty providers to order tests and coordinate care plans.

Your vision care at Kaiser Permanente is connected to:

- Primary care
- Specialty care
- Lab
- CT/MRI imaging services
- Pharmacy

Did you know?

Blindness is the number 2 health concern in the United States after cancer.⁴

In some instances, blindness can be prevented. This is why Kaiser Permanente recommends all members schedule an eye exam every 2 years.
